TRS-STAR Company Portrait

Since its foundation TRS-STAR GmbH focused on distribution of electronic components and assemblies for industrial customers as well as the Retail Market. The portfolio scopes many well-known manufacturers.

In addition to distribution, we also offer our customers efficient services related to inventory and shortage management. In the areas of purchasing and inventory management, our customers benefit from the bundled specialist knowledge of globally active purchasing and sales experts with over 20 years of market experience.

Optimize your working capital by letting us market unused excess stocks worldwide according to your needs via consignment, commission or direct sales.

Convince yourself of our competencies and strengths.

Portfolio

- IPC Systems
- IPC Boards
- Displays
- Memory & Storage
- Batteries
- Power Components
- LED / Lighting
- PEMCO
- FPGA / ASIC

Service

- Sourcing of EOL (End of Life) Components
- Sourcing of Allocation Components
- Implementation of System Solutions
- Technical Support
- Implementation of Logistics Concepts
- Appropriate and professional Warehouse Logistics

Products

IPC Systems

- Industrial PCs
- Customized IPCs
- Panel PCs
- Rackmount
- Tablets/ Mobile
- Digital Signage
- PoS/ Kiosk
- Monitors

Power Components

- Power Discrete:
 - Mosfets, IGBTs, Diodes, Rectifiers, Thyristors, Triacs
- Integrated Circuits:
 - Power Management ICs & Special ICs
- Power Supplies:
 - AC-DC & DC-DC Converters & LED Drivers
- Passive Components:
 - Transformers & Inductors, Filters, Ceramic- & HV-Capacitors
